

Student Journal Copybook

In addition to the assignments that are recorded on Google Classroom, students are responsible to record homework assignments, reminders, and teacher directives in this Daily Journal copybook.

Directions for Maintaining the Daily Journal

DAILY Write the Day and Date.

1. Next to the left-hand margin, list the subject title for your first class period. Next to it write your assignment or, if there is no homework, write "None."
2. Follow this pattern for each of the six subject periods (Religion, Math, Social Studies, Science, ELA-1, ELA-2 but do not pre-list the subject titles because sometimes you might need more than one line on which to write.
3. After the six subject titles write REMINDERS.
*** WITH A RULER or a straight-ledge underline the date and the subject titles.*

Skip two copybook spaces and begin the next day's entries.

FOR EXAMPLE:

Monday: September 11, 2023

Religion – Vocab cards for pp. 6-10.
